

BRITE BLUE

Concentrated, Non-caustic Degreaser

**A concentrated
non-caustic cleaner
that is safe to use
on washable surfaces.**

Punch with a Velvet Touch

Formulated with a synergy of surfactants, emulsifiers, water miscible solvents and chelates, Brite Blue tackles the toughest jobs, but is safe to use on washable surfaces.

Low PH

Brite Blue's non-caustic formula makes it especially user friendly to skin and "softer" metal. Excellent for aluminum surfaces.

Versatile

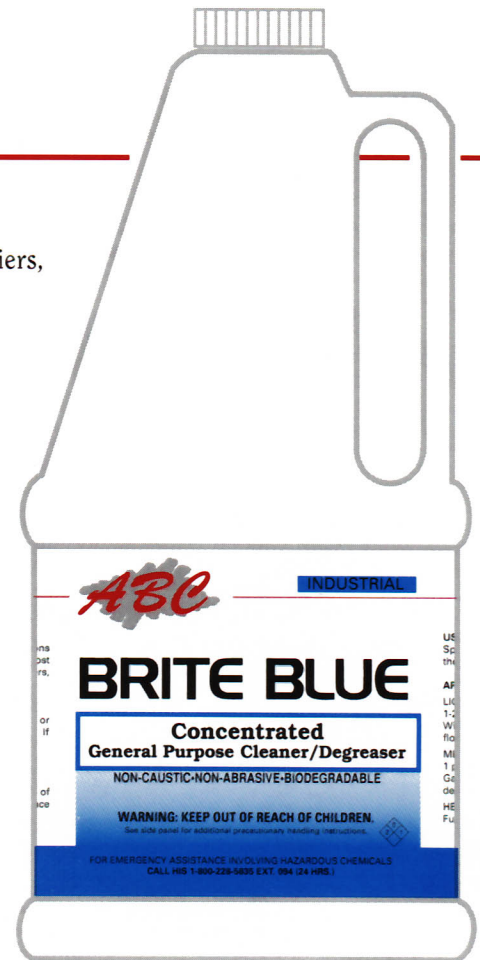

Brite Blue can effectively and safely be used on vinyl, linoleum, stone surfaces, stainless steel, formica, woodwork, chrome, rubber, aluminum and leatherette.

Equipment Dispensing

Brite Blue can be dispensed through pressure washers, automatic scrubbers, steam cleaners, foam guns and porportioners. Cleans and degreases with hot or cold water.

Economical & Safe

Brite Blue dilutes up to 1-128 (1 oz. per gallon of water) and contains no abrasives. Non-flammable, biodegradable with no harmful vapor.
