

# Pacific Blue

Industrial Universal Cleaner

A specially formulated product designed for one step cleaning and polishing of washable surfaces.

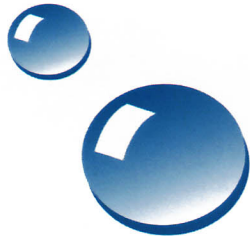

Pacific Blue is a Non-Toxic, Non-Flammable, and Non-Hazardous multi-purpose cleaner that is excellent to use on many surfaces. It is odorless, easy and safe to use.

## Cleans As It Polishes

Pacific Blue can be used effectively to remove chemical and mineral stains, scaling, grease, grime, discoloration, and oxidation effectively without harm! Pacific Blue also polishes as it cleans surfaces such as metals, porcelain and ceramics.

## Unique Technology

Pacific Blue can also be used to remove water stains off glass and other washable surfaces as well as remove graffiti including indelible, ball point and permanent marker ink off many surfaces like: desk tops, toilet partitions, lockers, painted concrete walls, mirrors/glass, counter tops, etc. Pacific Blue's unique mixture of polishing and cleaning compounds provide maximum lubricity and cleaning that other competitive tub cleansers can't match.

## Maximum Safety and Environmentally Friendly

Pacific Blue is non-toxic, environmentally safe and effective on a variety of surfaces and is recommended for: Fiberglass, Stainless Steel, Formica, Enamel Surfaces, Aluminum, Tile, Metal Furniture, Chrome, Linoleum, Rubber, Plastic, Porcelain, Brass, and Glass.
