

SAFETY DATA SHEET

Section 1. Identification

Product Identifier:	<i>Neutral Disinfectant Cleaner</i>
Recommended Use:	Disinfectant and Sanitizer
Manufacturer:	ABC Corporation
Company Address:	94-085 Leonui St. Waipahu, HI 96797
Company Telephone:	(808) 671-2671
CHEMTREC Emergency Phone Number (24hr hotline):	1(800) 424-9300

Section 2. Hazard(s) Identification

Hazard Classification

Health Hazards:	Skin corrosion/irritation 1B Eye Damage/irritation 1 Acute toxicity (oral) 4
Environmental Hazards:	Acute toxicity to aquatic environment 1

Label Elements

Pictogram(s):

Signal Word:	DANGER!
Hazard Statement(s):	H314: Causes severe skin burns and eye damage. H302: Harmful if swallowed.
Precautionary Statement(s):	
Prevention:	P260: Do not breathe dusts or mists. P264: Wash exposed skin thoroughly after handling. P280: Wear protective gloves, protective clothing, eye protection, and face P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
Response:	P312: Call CHEMTREC or doctor if you feel unwell. P303+P361+P353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. P304+P340: IF INHALED: Remove person to fresh air and keep at rest in a P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P310: Immediately call CHEMTREC or doctor.

Storage: P405: Store locked up.

Disposal: P501: Dispose of contents and container in accordance with local, regional, and international regulations.

Environmental: H401: Toxic to aquatic life.

Section 3. Composition/Information on ingredients

<u>Name</u>	<u>CAS No.</u>	<u>%</u>	<u>GHS-US classification</u>
Ethylenediaminetetraacetic acid, tetrasodium salt	68131-39-5	1-5%	Irritant; Harmful
Alcohol, (C12-15) ethoxylate		1-5%	Irritant; Harmful: Dangerous to environment
Sodium Carbonate		1-5%	Irritant
Alkyl dimethyl ethylbenzyl ammonium chloride		1-5%	Irritant
Alkyldimethylbenzylammonium chloride		1-5%	Harmful; Corrosive; Dangerous to the environment
Fragrance	Proprietary	<1%	Eye irritant

The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

Section 4. First Aid Measures

General: Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendence.

Eye Contact: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call CHEMTREC or a doctor immediately.

Skin/Clothes Contact: Take off immediately all contaminated clothing. Rinse skin with water or shower. Call CHEMTREC or a doctor immediately. Chemical burns must be treated by a physician. Wash contaminated clothing before reuse.

Inhalation: Move to fresh air. Call a doctor is symptoms develop or persist.

Ingestion: Call CHEMTREC or a doctor immediately. Rinse mouth. Do NOT induce vomiting. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs.

Most Important symptoms/effects, acute and delayed: Burning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result.

Indication of immediate medical attention and special treatment needed: Provide general supportive measures and treat symptomatically. Chemical burns: Flush with water immediately. While flushing, remove clothes which do not adhere to affected area. Call an ambulance. Continue flushing during transport to hospital. Keep victim warm. Keep victim under observation. Symptoms may be delayed.

Section 5. Firefighting Measures

Extinguishing Media:	Water jet spray, foam CO2, dry extinguisher.
Unsuitable extinguishing media:	High volume water jet.
Special hazards arising from the substance or mixture	Carbon oxides, Nitrogen oxides, hydrogen chloride, toxic pyrolysis products.
Fire Hazard:	Product is not combustible
Explosion Hazard:	ND
Reactivity:	ND
Instruction/Advice for Firefighters:	Structural firefighters' protective clothing provides limited protection in fire situations ONLY; it is not effective in spill situations where direct contact with the substance is possible. Wear chemical protective clothing that is specifically recommended by the manufacturer. It may provide little or no thermal protection. Wear positive pressure self-contained breathing apparatus (SCBA). Small fires: Move containers from fire area if you can do it without risk.
Protection during firefighting:	Firefighters should wear full protective gear. Do not enter fire area without proper protective equipment, including respiratory protection.

Section 6. Accidental Release Measures

Personal Precautions, protective equipment and emergency procedures

General Measures:	Do not walk through spilled material. Wear appropriate personal protective equipment. Avoid direct contact. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate the area before entry.
<i>For non-emergency personnel</i>	
Protective Equipment:	Use appropriate PPE
Emergency procedures:	Evacuate unnecessary personnel. Isolate area.
<i>For Emergency responders</i>	
Protective Equipment:	Equip cleanup crew with proper protection. Use appropriate personal protection equipment (PPE).
Emergency procedures:	Follow Standard Operating Procedures for facility where accidental release occurred.
Environmental Precautions:	Prevent entry to sewers and public waters.
Methods and material for containment and cleaning up:	Absorb and/or contain spill with inert material, then place in suitable container. Clean up spills immediately and dispose of waste safely and in accordance with state and federal regulations.

Section 7. Handling and Storage

Precautions for safe handling

Additional hazards when processed:	ND
Precautions for safe handling:	Ensure sufficient supply of air. Avoid contact with eyes or skin. If
Hygiene Measures	Wear appropriate PPE.

Conditions for safe storage, including any incompatibilities

Technical Measures:	ND
---------------------	----

Incomptible material: ND
 Storage area: Store in a cool dry place away from direct sunlight.
 Special rules on packaging ND

Section 8. Exposure Controls / Personal Protection

<i>Control Parameters</i>			
Name	ACGIH	NIOSH	OSHA
Ethylenediaminetetraacetic acid, tetrasodium salt	Not determined	Not determined	Not determined
Alcohol, (C12-15) ethoxylate	Not determined	Not determined	Not determined
Sodium Carbonate	Not determined	Not determined	Not determined
Alkyl dimethyl ethylbenzyl ammonium chloride	Not determined	Not determined	Not determined
Alkyldimethylbenzylammonium chloride	Not determined	Not determined	Not determined
Fragrance	Not determined	Not determined	Not determined

TWA - Time-Weighted Averages based on 8hr/day, 40hr/week exposure

Exposure Controls

Engineering Controls: Ensure adequate ventilation and good general extraction.
 Personal Protective Equipment: Gloves, Goggles. When insufficient ventilation: wear respiratory protection.
 Hand protection: Wear chemically resistant protective gloves.
 Eye protection: Chemical goggles or safety glasses
 Skin and body protection: Always wear proper clothing and shoes when dispensing hazardous chemicals.
 Respiratory protection:
 If workers are exposed to concentrations above the exposure limit, they must use appropriate, certified respirators. Use a properly fitted, air-purifying or air fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Other protective measures: ND

Section 9. Physical and Chemical Properties

Information on basic physical and chemical

Physical State: Liquid
 Appearance: Clear purple liquid
 Color: Clear purple
 Odor: Floral citrus fragrance
 Odor threshold: ND
 pH: 10
 Melting point: ND
 Freezing point: ND
 Boiling point: ND
 Flash Point: ND
 Relative evaporation rate (butylacetate=1): ND
 Flammability: ND
 Explosive limits: ND
 Vapor Pressure: ND
 Vapor Density: ND
 Relative Density: ND

Solubility:	Very soluble in water
Partition coefficient (n-octanol/water):	ND
Auto-ignition temperature:	ND
Decomposition Temperature:	ND
Viscosity:	ND

ND - Not Determined

Section 10. Stability and Reactivity

Reactivity:	Stable when handled, stored, and transported correctly.
Chemical Stability:	Stable under normal conditions.
Possibility of Hazardous Reactions:	ND
Conditions to avoid:	ND
Incompatible Mateials:	ND
Hazardous Decomposition Products:	In fire the following can develop: Oxides of carbon, oxides of nitrogen, hydrogen chloride, toxic pyrolysis products.

Section 11. Toxicological Information

Acute toxicity and immediate effects

Acute toxicity:	ND
Skin corrosion/irritation (acute):	May irritate skin.
Skin corrosion/irritation (Chronic):	May cause sensitization by skin contact (Benzalkonium Chloride)
Serious eye damage/irritation (acute):	May cause eye damage.
Serious eye damage/irritation (chronic):	May cause eye damage.
Respiratory corrosion/irritation (acute):	Respiratory irritant
Respiratory corrosion/irritation (chronic):	Repeated or prolonged exposure to corrosive fumes may cause bronchial irritation with chronic cough.
Ingestion (acute):	May cause irreversible damage to mucous membranes.
Ingestion (chronic):	Repeated or prolonged exposure to corrosive materials or fumes may cause
Germ cell mutagenicity:	ND
Carcinogenicity:	Under ACGIH, IARC, NTP and OSHA, no ingredient in this product is present equal to or above 0.1 concentration that would be a confirmed, probable carginogenic.
Reproductive Toxicity:	ND
Specific target organ toxicity (single	ND
Specific target organ toxicity (repeated	ND
Aspiration hazard:	ND
Symptoms/injuries after eye contact:	May cause serious eye damage
Symptoms/injuries after ingestion:	Ingestion may cause nausea, vomiting and diarrhea.
Numerical Measures of Toxicity:	ND

ND - Not determined

Section 12. Ecological Information

Ecotoxicity:	Harmful to environment
--------------	------------------------

Persistence and degradability:	ND
Bioaccumulative Potential:	ND
Mobility in soil:	ND
Other adverse effects:	ND

Section 13. Disposal Considerations

Waste disposal recommendations:	To be disposed of as hazardous waste. Dispose of contents/container in accordance with local/regional/national/ international regulations.
Additional information:	Handle empty containers with care because residual material may be present.

Section 14. Transport Information

UN Number:	N/A
DOT NA no:	N/A
UN Proper Shipping name:	N/A
Hazard Class:	N/A
Hazard Label:	N/A
Packing Group:	N/A
DOT packaging exceptions:	N/A

Section 15. Regulatory Information

US Federal Regulations:	Under United States Regulations (29 CFR 1910.1200 - Hazard SARA Hazard Classifications - Acute
-------------------------	--

This product is a U.S. EPA registered product. EPA No: 61178-1-56938

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

Keep out of reach of children.
 Corrosive.
 Harmful if swallowed.
 Causes irreversible eye damage and skin burns.
 Combustible.

US State Regulations:	N/D
-----------------------	-----

Section 16. Other Information

This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
